

Application for Special Tag  
Support Mississippi High School Rodeo  
Scholarship Fund

We have an opportunity for our organization to be recognized on a special Mississippi license plate. We also had the opportunity to design this car tag. The cost of the special tag like all the other special tags available is \$31.00. For each \$31.00 license plate purchased \$24.00 of that is remitted back to the Mississippi High School Rodeo Association Scholarship Fund. This \$24.00 per tag sold will be added to the scholarship fund each year as tags are renewed. This is an excellent opportunity for current members and especially future members of our organization. So please help us to get the required 300 tags sold. Please make copies of this application and give to your family and friends. Fill out a separate application for each vehicle in your family.
